

## Ocean View - 22 October 2016

<b>2:00</b>	Benjamin Betschart	<p>This week each set will spend 30 minutes on the driving range working with Chris Smith. The intention is to get on the course following the range session. One of the ideas behind bringing Chris Smith on board was to give everyone the opportunity to check in/work with an instructor at least once per term with a focus on a specific aspect of the game. This session will focus on the full swing. It is not intended that these sessions will replace your individual private lessons nor is there any intention to interfere with those lessons. We will look to build the merit testing into these days also, starting with the next session.</p>
